

IP: the core asset

- * Idea for now:
 - * Brief Solutions Ltd (<https://brief-ds.com>) intended as the IP-holding company
 - * A product may be incorporated separately, licensing IP from Brief Solutions Ltd, to silo the bankruptcy risk
 - * *Any* of these companies are open to investment

IP: Key to controlling cost

- * R&D projects in pipeline:
 - * Next-generation user interface
 - * Operating System Plan 9 a small build with many “cloud-like” features
 - * A 100 kilobytes symbolic autodiff framework for Machine Learning
 - * A generative AI architecture generating only one or few “thoughts” at once, energy-efficient and explainable
