

# Nvidia NVDA

- \* Daily position started shaving off in June, predating the price fluctuation, resulting in higher return per unit of risk. <https://tsterm.com/?q=NVDA>

# Go-to-Market Plan

- \* Key Strength:
  - \* Our platform ranks highly for its extensive and engaging content.
- \* Targeting young savers aged 18-35:
  - \* **Seminars and Coaching:** Offering sessions on basic personal finance to educate and engage this demographic.
  - \* **Content Consistency:** The platform's content mirrors the approachable and relatable language used in seminars, ensuring a seamless user experience.
